## WHO WE ARE

SATYA is a non-profit, development-oriented organisation committed to sustainable and inclusive social transformation. We work with youth, women, and underprivileged communities — improving access to opportunities, enhancing skills, and promoting health and well-being through awareness, competency-building, and collaborative partnerships.

## VISION & MISSION

### Vision

To empower youth, women, and marginalised communities as active partners shaping a just and sustainable Bharat — blending modern knowledge with traditional wisdom.

### Mission

To nurture young men and women as change-makers and ambassadors of sustainable development — balancing social, economic, and environmental well-being.

## OBJECTIVES

- Promote social awareness & transformation through education, skills, and empowerment
- Enhance health, livelihood, and environmental sustainability
- Collaborate with government, corporates, academia & civil society
- Strengthen community participation and young leadership
